Scott,

I spoke with the claimant to get some information on 03/12 and informed her I was sending for medical from her doctor. She also called on 03/26 and spoke with the Core team Supervisor who informed her that the medical did not have a diagnosis or reasons for disability. She asked if she should contact her doctor to have him send in this information and she was informed that it would be good if she could do that since we could not look at the claim medically without it.

To date we have not received the information. I will be requesting medical information again.

Linda

Hi Scott,

This is a claim of Linda's. It appears that the physician has not responded to our request to

complete the Attending Physician Statement. The AP did not indicate a diagnosis on the claim form. Linda, perhaps you can elaborate.

Hi Jennifer,

The HR dept called me and asked me for some additional details on the closure of this claim. ROL just states Proof of Loss. Can you provide some additional details, or direct me to the Analyst that worked on this?
